Property Description

Townhouse for sale in Andratx, Mallorca

In the town of Andratx we find this fabulous townhouse that has frontline views to the Tramuntana Mountains, witch includes 2000m2 garden that overlooks the mountains, perfect for family and pets.

The tranquility of the property has to be seen to believe how quiet it is, as you can't hear any noise, only nature. It is a very authentic townhouse, with great decoration and very open space. It consists in a very big living room with an electric fire place, then you go through the open plan kitchen with a dinning table, the kitchen has access to the terrace and private swimming pool with mountain views.

The garden is full of colorful plants and trees. There is also a toilet and a garage. The second floor of the house consists of a large master bedroom that has a terrace overlooking the Tramuntana, waking up to this beauty must be great and peaceful. There is 2 other double bedrooms with typical mallorquin fitted wardrobes. Finally we have the 4th bedroom and it is for a single bed also with typical fitted wardrobe. There are 2 very spacious bathrooms and with windows overlooking the views.

The property has double glazed windows, hot and cold air conditioning through all the house, a laundry room and a garage. highly recommended to view, fantastic property and a good price.
